**DECLARATION OF JESSICA ARNAIZ
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION
FOR ENTRY OF A TEMPORARY RESTRAINING ORDER
AND PRELIMINARY INJUNCTION**

DECLARATION OF JESSICA ARNAIZ¹

I, Jessica Arnaiz, hereby declare as follows:

1. I am over eighteen (18) years of age. I have never been convicted of a felony or any criminal offense involving moral turpitude, and I am fully competent to testify to the matters stated herein. I have personal knowledge of every statement made in this Declaration and such statements are true and correct.

2. I am a Marketing Manager for New Alchemy Limited ("NAL"). I make and submit this affirmation in connection with the *ex parte* application for *ex parte* application for: 1) a temporary restraining order; 2) an order restraining assets and Merchant Storefronts; 3) an order to show cause why a preliminary injunction should not issue; 4) an order authorizing alternative service and 5) an order authorizing expedited discovery submitted by Plaintiff, Airigan Solutions, LLC ("Airigan" or "Plaintiff") ("Application").

3. NAL is a company that provides trademark infringement research services, among other business and digital marketing services.

4. Counsel for Airigan, Ference & Associates LLC ("the Ference Firm") retained NAL to investigate and research certain Defendants that Brian Samuel Malkin ("Mr. Malkin") of the Ference Firm had previously identified as having offered for sale and/or sold products bearing or using Plaintiff's registered trademark (*i.e.*, U.S. Trademark Reg. No. 5,142,630 for the wordmark "NEGG") and/or using packaging that bears and/or is used in connection with marks and/or trade dress (hereinafter collectively referred to as the "NEGG Marks) that is confusing or

¹ Where a defined term is referenced herein and not defined herein, the defined term should be understood as it is defined in the Complaint or Application.

substantially similar to Plaintiff's authentic products sold using the NEGG Marks ("NEGG Products") and/or that infringe at least Claim 1 of Plaintiff's U.S. Patent No. 9,968,211 entitled "PERSONAL EGG PEELER" (hereinafter referred to as "the '211 patent") (collectively referred to as, "Counterfeit Product(s)" or "Infringing Product(s)") using a User Account on the Alibaba.com online marketplace ("Merchant Storefront(s)").

5. Mr. Malkin informed me he had already filed infringement reports through the AliProtect on-line system operated by Alibaba.com against the Merchant Storefronts on Alibaba.com which resulted in the complained of listings of Counterfeit Products being removed from the those Merchant Storefronts.

6. Mr. Malkin requested that NAL investigate to determine if the identified Defendants were and/or are still currently offering for sale and/or selling Counterfeit Products and whether each of the identified Defendants will ship and/or has actually shipped Counterfeit Products or other items to the United States, including to customers specifically located in New York.

7. I have worked on a number of investigations of merchants on Alibaba.com who sell counterfeit products. I have never found a merchant who does not ship to the United States. Furthermore, I have never seen a merchant on Alibaba.com who ships to the United States and will not ship to an address in New York. The most common cross-border transactions on Alibaba.com are transactions where goods are shipped from China to the United States.

8. NAL was able to confirm through conversations with most of the identified Defendants ("the Alibaba.com Defendants") that they were and/or are still currently offering for sale and/or selling Counterfeit Products and that each of the Alibaba.com Defendants ships and/or has actually shipped Counterfeit Products to the United States, including to customers

specifically located in New York.

9. As part of NAL's investigation, we were able to communicate with each of the Alibaba.com Defendants and request their payment account information, and received from the Alibaba.com Defendants Pro Forma invoices for bulk shipments of Counterfeit Products or other items to a New York address. True and correct copies of the communications to and from the Alibaba.com Defendants discussing payment account information, ordering and shipping the Counterfeit Products or other items into New York (as found under the slip sheet labeled "Communications between NAL and Defendant"), screenshots of the Alibaba.com Merchant Storefronts (as found under the slip sheet labeled "Defendant's Storefront"), screenshots of a page from the Defendant's Alibaba.com Merchant Storefront indicating percentage of total revenue generated by sales to Main Markets (as found under the slip sheet labeled "Defendant's Trade Capacity"), and the Pro Forma invoices showing the New York address as the shipping address (as found under the slip sheet labeled "NAL's Checkout Page and/or Order Form Showing Defendant Ships to New York") are included in Exhibit 1 attached hereto and incorporated by reference.²

10. Alibaba.com requires completing of an order form, which asks for the customer's shipping address.

11. Mr. Malkin did not instruct NAL to complete the purchases for the Counterfeit

² For each Alibaba.com Defendant in Exhibit 1, the copies of the screenshots of Infringing Products were obtained from Mr. Malkin and appear under the slip sheet labeled "Defendant's Listing for Infringing Products". Also under this slip sheet are true and correct copies Mr. Malkin's infringement reports filed through the AliProtect on-line system. Also attached, when made available by the Defendant on its Alibaba.com Merchant Storefront, are screenshots obtained by Mr. Malkin from the Defendant's Alibaba.com Merchant Storefront showing the Defendant's Number of Transactions for its Export Markets over the last year (as found under the slip sheet labeled "Transaction History").

products or other items. However, in each instance, NAL completed either an order through Alibaba.com or requested and received a Pro Forma invoice for the Counterfeit Products which also displays the New York Address as the shipping address.

12. For the Defendant Hefei Fengzhisheng Trade Co., Ltd., NAL was able to confirm by telephone discussion with the Defendant that it was willing and able to ship Counterfeit Products to a New York address.

13. Through its investigation, NAL concluded that although the Alibaba.com Defendants were no longer offering the Counterfeit Products through their respective Alibaba.com Merchant Storefronts, each of the Alibaba.com Defendants is willing and able to continue to sell the Counterfeit Products or other items, in bulk quantities, and to ship the same to a New York address.

14. Neither I, nor anyone else at NAL, to the best of my knowledge, have publicized this Application or Plaintiff's intent to seek entry of a temporary restraining order against the Defendants to any third party.

I declare under the penalty of perjury under the laws of the United States of America that to the best of my knowledge the foregoing is true and correct.

Executed this 15 day of July, 2018 in Cebu City, Philippines.

Product Description

Boiled Egg Shell Peeler Peeling Kitchen Tool BOILED EGG PEELER Add 1/4 cup of water. Add your hard-boiled egg and snap on the top cap.

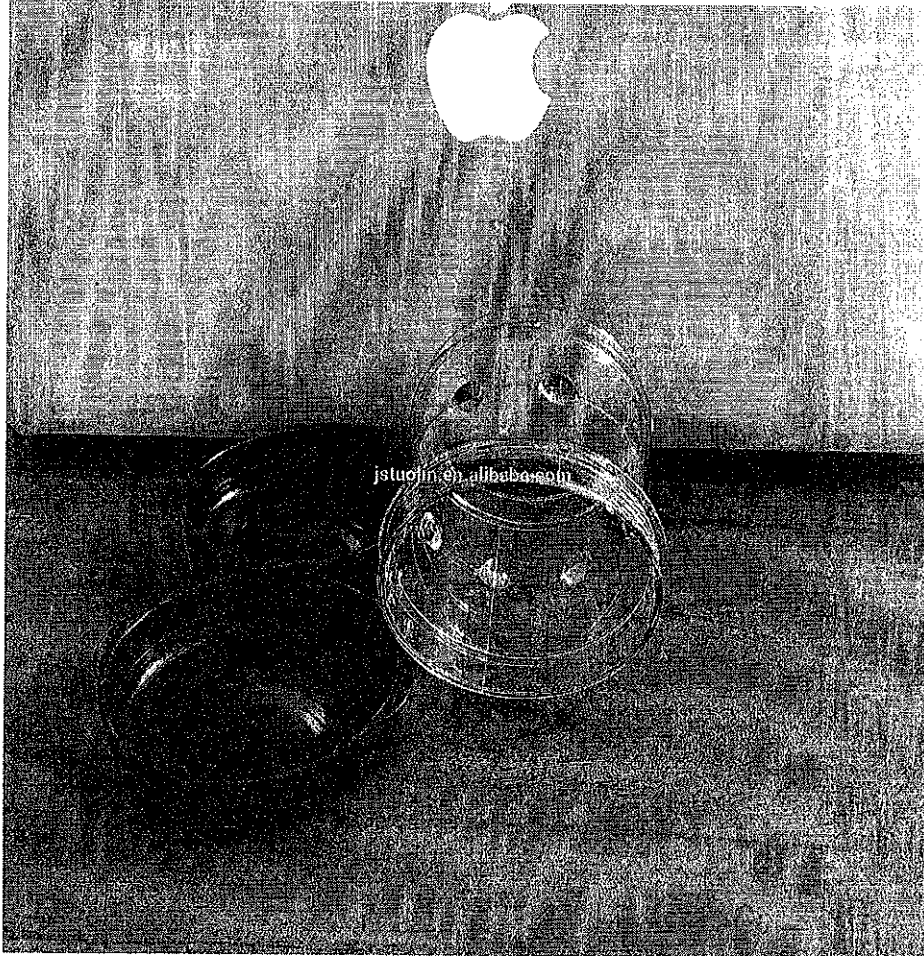

Now you're ready to slip the egg out of its shell. SHAKE up and down with enough force so that the egg strikes the caps. Remember to take it a little easy, or you will end up with a slushy mess complete

with shells.

Shake until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress.

When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.

If the egg is a reluctant sheller you may have to break the membrane after shaking to get the shell to release. This can happen with extremely fresh eggs, and is not the norm
