HE NO NO Hard Cracker Boiled Shell Peeler Stripper , Shake Peeling Kitchen, Egg Opener Tool (12)

10 customer reviews

#1 New Release in Cook's Tool & Gadget

\$9.96

could be \$0.00. Eligible items get a \$10 bonus when you spend \$100.

When you're ready to slip the egg out of its shell. SHAKE the top and bottom of the body with enough force so that the egg slips out of the caps. Remember to take it a little at a time, or you will end up with a mess complete with shells. Snap the top cap off your hard-boiled egg and snap the top cap.

Keep shaking until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress.

- ★When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.
- ★If the egg is a reluctant sheller you may have to break the membrane after shaking to get the shell to release. This can happen with extremely fresh eggs, and is not the norm.

Egg Stripper is Awesomel

August 13, 2018
Verified Purchase

The Egg Stripper is awesome. It makes taking shells off hard boiled eggs so easy. I love that I can do 4 or 5 at a time so that I can get to making egg salad faster! Definitely follow the instructions as the egg preparation method works better than the way I used to do it. Chilling in ice is the best way to make sure that the shells comes off quick. You might have to massage some shells off, but I had most of my shells come off just by shaking. I have recommended this product to some family and friends. it was worth every penny I spent!

starsThis really works! Makes peeling hard boiled eggs a no hassle process.

August 13, 2018
Verified Purchase

I love this product! It was so easy to use & it really worked! I was able to peel 5 hard boiled eggs at once, without the hassle of the shell. The shells really did fall right off with a few shakes of the egg stripper. I love adding hard boiled eggs to my salad or eating them for breakfast, but I rarely did because the prep would take forever. The egg stripper eliminated that and now I have hard boiled eggs every week. I definitely recommend this product and couldn't be happier with my purchase.

Does not work on white eggs! Does not work on warm white eggs!
I will add to this review after I try brown eggs. For now I'll give it one star.

Color: **Yellow**

- Add 1/4 cup (Negg capful) of water to the Negg. Add your hard-boiled egg and snap on the top cap.
- Now you're ready to slip the egg out of its shell. SHAKE the Negg up and down with enough force so that the egg strikes the caps. Remember to take it a little easy, or you will end up with a slushy mess complete with shells.
- Shake until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress.
- When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.

July 19, 2018

Color: Black **Verified Purchase**

I bought one and it came in 2 days! I used it the very next day and it worked exactly like it said it would. I boiled my eggs and then shock them with cold water. I put them in the egg peeler and the shell came right off. Nice product!
