IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

DOGGIE DENTAL INC., *et al.*,

Plaintiffs,

v.

ANYWILL, *et al.*,

Defendants.

Civil Action No. 19-682

**FILED UNDER SEAL**

**DECLARATION OF AMY CLINE IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Amy Cline, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application'). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. Prior to filing this Declaration, I accessed through Amazon.com, the Merchant Storefronts[1] operating under the seller identities as identified on **Schedule "A"** hereto (the "Seller IDs"). Upon accessing each of the Merchant Storefronts, I was able to view Defendants'

[1] As defined in the Application, a "Merchant Storefront" is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

Infringing Products[2], add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants' listings for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using the BRISTLY Trade Dress, BRISTLY Mark[3], and/or BRISTLY Works[4] without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiff's BRISTLY Trade Dress, BRISTLY Mark, and/or BRISTLY Works are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area ("the Pennsylvania Address") in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. I inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiff's BRISTLY Products. These were sent to Peter Dertsakyan, President and CEO of Doggie Dental, Inc. True and correct copies of the detailed web listings I captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of

---

2 As set forth in the Complaint, Defendants have offered for sale, sold, and distributed knock-off versions of the BRISTLY™ dog toothbrush (the "Infringing Product") which closely mimic the appearance of Plaintiffs' product and infringe upon Plaintiffs' common law trade dress rights.

3 As set forth in the Complaint, Plaintiffs developed and now sell a unique and revolutionary product under the common law trademark BRISTLY ("Bristly Mark") that safely and easily permits dogs to brush their own teeth removing plaque and tarter ("BRISTLY™ Product").

4 As set forth in the Complaint, U.S. copyright registration VA 2-122-455 is directed to various photographs related to the BRISTLY™ dog toothbrush (the "Bristly Works").

the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 12th day of June, 2019, at Sewickley, Pennsylvania.

## Product description

**Why do you need a dog toothbrush stick?**
1. The puppy brushing stick is a must for the dog owner. Brushing teeth can keep the pet's teeth healthy and clean!
2. When you try to clean your dog's teeth, the dog will usually stay away from you, but the dog's brushing stick is a good way for your pet to really want to clean their teeth, providing them with a fun and enjoyable experience!

**How to use?**
1. Squeeze the dog toothpaste into the hole at the top of the toothbrush stick.
2. Have your dog chew the toothbrush once for about 3-5 minutes.This is enough time to clean its teeth, don't take too long, otherwise the puppy will get tired of brushing the stick.
3. When the 5 minutes are over, you should pick up the cleaning stick until the next time you use it.

**Tips:**
1. This product is a toothbrush, not a real chew toy.
2. Although the quality of this toothbrush toy is very good, it will be destroyed if it is used for a long time every day.
3. Please give your dog less than 5 minutes each time under your supervision.
4. We recommend that you replace your puppy a toothbrush every two months, in order to Protect your pet's dental health.

## Product description

Color: **Dog Toothbrush**

Still worrying and worried about brushing your dog? Still forcing dogs to brush their teeth?
Do not!

Now there is a toy that is both a dog's brushing and a dog's toy. Let the dog brush his teeth, enjoy it and fall in love with it.
It is made of natural rubber material and is non-toxic, environmentally friendly and healthy.
The soft design concept better protects the dog's gums.
Clean the dog's teeth and gum lines with a soft wireway around.
Stable claw pads make it easier for dogs to grab it.

Please note
This is a dog toothbrush, not a special dog chew toy, so please let your dog chew for no more than 5 minutes at a time.
In order to clean the dog's teeth more effectively, we recommend that you change your toothbrush every two months.

## Product description

Why dogs often needs to clean their teeth ?
How to choose a toothbrush for our dogs?

It is reported that 4 out of 5 dogs suffer from oral disease by the age of 3.
Hence Daily tooth-brushing is a must for your dog! Unlike others toothbrush,
this dog toothbrush let dog clean their teeth on their own by chewing brushing stick.

LOVAC Dog toothbrush features:
- Made from natural rubber, durable and safe dental sticks for dogs
- Bristle line grooves on both sides preventing plaque and tartar build-up
- Self-dispensing toothpaste reservoir for enhanced cleaning
- Steady paw pads for easy holding
- Mint flavored throughout dog teeth toy

How to use:
✓ Squeeze toothpaste into a hole on the top of dog toothbrush.
The toothpaste will flow into the tank and come out from these
small holes along the bristles.

✓ Remeber do not let your dogs chew this dog toothbrush stick more
than 5 minutes. If dogs chew this toothbrush for a long time , they maybe
tear up this brushing stick and swallow debris of this toothbrush which will
