CLERK U.S. DISTRICT COURT
WEST. DIST. OF PENNSYLVANIA

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

DOGGIE DENTAL INC., *et al.*, Plaintiffs, v. MAX_BUY, *et al.*, Defendants.	Civil Action No. 19-746 **FILED UNDER SEAL**

DECLARATION OF MARY LAPLANTE IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION

I, Mary Laplante, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application'). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. Prior to filing this Declaration, I accessed through eBay.com, the Merchant Storefronts[1] operating under the seller identities as identified on **Schedule "A"** hereto (the "Seller IDs"). Upon accessing each of the Merchant Storefronts, I was able to view Defendants'

[1] As defined in the Application, a "Merchant Storefront" is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

Infringing Products[2], add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants' listings for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using the BRISTLY Trade Dress, BRISTLY Mark[3], and/or BRISTLY Works[4] without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiff's BRISTLY Trade Dress, BRISTLY Mark, and/or BRISTLY Works are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area ("the Pennsylvania Address") in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. I inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiff's BRISTLY Products. These were sent to Peter Dertsakyan, President and CEO of Doggie Dental, Inc. True and correct copies of the detailed web listings I captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of

---

2 As set forth in the Complaint, Defendants have offered for sale, sold, and distributed knock-off versions of the BRISTLY™ dog toothbrush (the "Infringing Product") which closely mimic the appearance of Plaintiffs' product and infringe upon Plaintiffs' common law trade dress rights.

3 As set forth in the Complaint, Plaintiffs developed and now sell a unique and revolutionary product under the common law trademark BRISTLY ("Bristly Mark") that safely and easily permits dogs to brush their own teeth removing plaque and tarter ("BRISTLY™ Product").

4 As set forth in the Complaint, U.S. copyright registration VA 2-122-455 is directed to various photographs related to the BRISTLY™ dog toothbrush (the "Bristly Works").

the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 24th day of June, 2019, at Sewickley, Pennsylvania.

/s/Mary Laplante

Potential hazard

I gave my dog this product and within 5 minutes he had chewed off a large chunk and swallowed it. Now we're waiting to see if he can pass it or if it will cause a blockage. If I hadn't checked on him I'm sure he would have eaten more. This is too soft for even a moderate chewer like my dog.

Product Description

Why do you need a dog toothbrush stick?

1. The puppy brushing stick is a must for the dog owner. Brushing teeth can keep the pet's teeth healthy and clean!

2. When you try to clean your dog's teeth, the dog will usually stay away from you, but the dog's brushing stick is a good way for your pet to really want to clean their teeth, providing them with a fun and enjoyable experience!

How to use?

1. Squeeze the dog toothpaste into the hole at the top of the toothbrush stick.

2. Have your dog chew the toothbrush once for about 3-5 is enough time to clean its teeth, don't take too long, otherwise the puppy will get tired of brushing the stick.

3. When the 5 minutes are over, you should pick up the cleaning stick until the next time you use it.

Tips:

1. This product is a toothbrush, not a real chew toy.

2. Although the quality of this toothbrush toy is very good, it will be destroyed if it is used for a long time every day.

3. Please give your dog less than 5 minutes each time under your supervision.

4. We recommend that you replace your puppy a toothbrush every two months, in order to Protect your pet's dental health.

Product Description

Why do you need a dog toothbrush stick?
1. The puppy brushing stick is a must for the dog owner. Brushing teeth can keep the pet's teeth healthy and clean!
2. When you try to clean your dog's teeth, the dog will usually stay away from you, but the dog's brushing stick is a good way for your pet to really want to clean their teeth, providing them with a fun and enjoyable experience!

How to use?
1. Squeeze the dog toothpaste into the hole at the top of the toothbrush stick
2. Have your dog chew the toothbrush once for about 3-5 minutes.This is enough time to clean its teeth, don't take too long, otherwise the puppy will get tired of brushing the stick
3. When the 5 minutes are over, you should pick up the cleaning stick until the next time you use it

Tips:
1. This product is a toothbrush, not a real chew toy.
2. Although the quality of this toothbrush toy is very good, it will be destroyed if it is used for a long time every day.
3. Please give your dog less than 5 minutes each time under your supervision.
4. We recommend that you replace your puppy a toothbrush every two months, in order to Protect your pet's dental health.

Product Description

Why do you need a dog toothbrush stick?

1. The puppy brushing stick is a must for the dog owner. Brushing teeth can keep the pet's teeth healthy and clean!

2. When you try to clean your dog's teeth, the dog will usually stay away from you, but the dog's brushing stick is a good way for your pet to really want to clean their teeth, providing them with a fun and enjoyable experience!

How to use?

1. Squeeze the dog toothpaste into the hole at the top of the toothbrush stick.

2. Have your dog chew the toothbrush once for about 3-5 is enough time to clean its teeth, don't take too long, otherwise the puppy will get tired of brushing the stick.

3. When the 5 minutes are over, you should pick up the cleaning stick until the next time you use it.

Tips:

1. This product is a toothbrush, not a real chew toy.

2. Although the quality of this toothbrush toy is very good, it will be destroyed if it is used for a long time every day.

3. Please give your dog less than 5 minutes each time under your supervision.

4. We recommend that you replace your puppy a toothbrush every two months, in order to Protect your pet's dental health.

Payment Policy

Please make sure your address in ebay is correct. We will only follow your address listed in the ebay orders for the shipment.

Dogs can take care of its oral healthy happy and independent.
Save people energy and time to help dogs to brush teeth.

How to use dog brush stick ?

1. Squeeze toothpaste into the hole on the top of the dog toothbrush. Let the toothpaste flow into the tank and come out from the small holes along the bristles.
2. Allow your dog under your supervision to chew or play with the brush stick no more than 5 minutes.
Attract your puppy dogs by filling whatever food they like, so they will have more interest to bite down on brushing stick.

Why do you need a dog toothbrush stick?

1. The puppy brushing stick is a must for the dog owner. Brushing teeth can keep the pet's teeth healthy and clean!

2. When you try to clean your dog's teeth, the dog will usually stay away from you, but the dog's brushing stick is a good way for your pet to really want to clean their teeth, providing them with a fun and enjoyable experience!

How to use?

1. Squeeze the dog toothpaste into the hole at the top of the toothbrush stick.

2. Have your dog chew the toothbrush once for about 3-5 is enough time to clean its teeth, don't take too long, otherwise the puppy will get tired of brushing the stick.

3. When the 5 minutes are over, you should pick up the cleaning stick until the next time you use it.

Tips:

1. This product is a toothbrush, not a real chew toy.

2. Although the quality of this toothbrush toy is very good, it will be destroyed if it is used for a long time every day.

3. Please give your dog less than 5 minutes each time under your supervision.

4. We recommend that you replace your puppy a toothbrush every two months, in order to Protect your pet's dental health.
