DOGGIE DENTAL INC., *et al.*,

Plaintiffs,

Civil Action No. 19-1627

v.

AHUI, *et al.*,

Defendants.

**FILED UNDER SEAL**

**DECLARATION OF MARY LAPLANTE  
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF  
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Mary Laplante, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through Amazon.com the Merchant Storefronts<sup>1</sup> operating under the seller identities as identified on **Schedule “A”** hereto (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products<sup>2</sup>, add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants’ listings for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using the Plaintiffs’ Products, Plaintiffs’ Works, and/or Plaintiffs’ Mark without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiffs’ Products, Plaintiffs’ Works and/or Plaintiffs’ Mark are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs’ Products. These were sent to

---

<sup>1</sup> As defined in the Application, a “Merchant Storefront” is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

<sup>2</sup> As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiffs’ Product which closely mimic the appearance of Plaintiffs’ Product and infringe upon Plaintiffs’ Mark and at least on the claims in its registered U.S. Patent, use Plaintiffs’ Works, and otherwise unfairly compete with Plaintiffs’ Product (the “Infringing Product”).

Petros Dertsakyan, Chief Executive Officer of Doggie Dental Inc. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 17<sup>th</sup> day of December, 2019, at Sewickley, Pennsylvania.

Squeeze FREE toothpaste into the base of the toothbrush or spread between the bristles. More than a toy, our complete canine dental kit gives you a full range of tools to maintain excellent dental hygiene.
- **BUILT FOR FUN:** Dogs and puppies love our pet toothbrush because the soft base lets their paws grip on the toy. Wedge a dog cookie between the bristles for added encouragement to massage away plaque and tartar build-up. Five minutes a day of play with a dog toothbrush toy can eliminate years of bad breath, decay and expensive dental work.
- **OUR GUARANTEE: TRY RISK FREE!** If you don't love our dog toothbrush toy (although we're sure you will) you're still covered thanks to our No Questions Asked 100% Satisfaction Guarantee!

- 2-- Have fun: it will be very interesting for your dog. Your puppy will no longer be bored when it has this gift. You will also be very happy when you see it running after the toothbrush.
- 3-- Clean Teeth and Harmless: The dog toothbrush chew toy uses a concave groove and a serrated brush head design, which will automatically clean the teeth when the dog bites. It can remove plaque and tartar, calculus.
- 4-- More intimate communication: I think you will refuse to be shackled when there is a smell in the dog's mouth, even though you love your dog. This won't be a problem when the dog uses our toothbrush stick with a mild minty scent.
- 5-- Easy to Clean: You can use small cleaning brush, soap and water to clean the dog toothbrush toy after use. Dries quickly. Remember to dump out the excess water, clean the dog toothbrush and dry it after each use for proper hygiene. 18-month warranty, 100% money back guarantee.

- **【HOW DOES IT WORKS?】** The Dog toothbrush cleaning toy has a toothpaste injection port on the top, and the toothpaste is automatically dispensed into the toothbrush by extrusion. Unique basement which makes it is easier for pets to hold the toothbrush. The durable and aligned bristles inside the brush help to clean the plaque hidden in the dead corner, remove it and prevent the rotting soft bristles from sticking to the dog's teeth. Clean the teeth on both sides of the dog.
- **【SAFE MATERIAL】** The dog toothbrush stick is made of natural rubber which is non-toxic and eco-friendly. Soft texture brush which will not hurt your dogs health and protect them from oral diseases. Sturdy and will not be chewed off easily.
- **【CHEW TOYS FOR DOGS】** This Dog toothbrush is approximately 7.09x5.12x 2.17inch<sup>3</sup>, large size, fit for most sizes of dogs, mainly for large dogs. Please note it is designed for cleaning teeth, not great as a chew toy for AGGRESSIVE dogs, thanks for your understanding in advance!
- **【EASY TO CLEAN】** The dog toothbrush toy is very easy to clean and dishwasher safe. And to keep the brush stick clean, we suggest you clean it before and after using.
- **【PRACTICAL AND CONVENIENT】** The item is unusual as traditional product, it could clean your dog's tooth while your dog is playing with it, effective and convenient.

head design in the process of dog use,automatically clean the teeth!All protruding particles help to remove dental plaque and hard-to-touch dental dirt and stones.There is a hole in the top of the toothbrush,you can squeeze toothpaste or peanut butter into the hole,and so on,and then they will flow out of 18 holes,which will make the dog more like chewing.

- Environmentally friendly,food-grade rubber,making it very soft and resistant to bite,and easy to clean It can be washed directly with clean water.In order to keep the brush clean,we recommend cleaning before and after the dog chews

Product description

Why do dogs need this toothbrush?

Because when we try to clean a dog's teeth, the dog usually stays away from it, because a regular toothbrush can give the dog a very bad experience, such as exerting too little and hurting the dog's gums, so it is just right for the dog to brush his teeth himself, and it will also save you the time to brush your teeth for the dog

Material: natural rubber

Size:

M: 11.5 x 6 x 12.5 cm / 4.5 x 2.36 x 4.92 in

How to choose size?

M:0~40 lbs

L:40~80 lbs

How to use:

1.Clean the toothbrush.

2.Squeeze pet toothpaste or dog food into the top hole or smear it directly into the grooves.These flavors will be more attractive to dogs chewing toothbrushes.

3.Let the dog chew the toothbrush for 5~10 minutes,too long use will bring new pressure to the dog's gums

Note:

1.The size of a dog toothbrush is only suitable for dogs between 0 and 80 pounds

2.let your dog bite and chew the toothbrush,preferably not more than 10 minutes at a time.10 minutes is enough to clean his teeth,not too long,otherwise he will be tired,too long use will bring new pressure to the dog's gums

Product description

Problems VetMate Toothbrush Toy Solves!

- ⇒Bad breathe
- ⇒The struggle to Brush your pups Teeth
- ⇒Plaque, tartar, and gingivitis

Why is it important to brush your Dogs Teeth?

Home oral hygiene can improve periodontal health in dogs and help eliminate the need for a professional and costly dental cleaning. Professional cleaning is not only uncomfortable for dogs but could be dangerous as well due to the need for anesthesia. Dogs need their teeth brushed daily just like humans to prevent bad breath. With the VetMate dog Toothbrush toy, your pup can enjoy playing with this toy while it does its job and cleans the teeth.

Did You Know?

- ⇒Oral disease is the #1 medical problem among dogs
- ⇒80% of dogs show signs of periodontal disease by age 3
- ⇒Left untreated it can create a number of systemic diseases involving the kidneys, liver, heart, and lungs. VetMate Toothbrush Toy Recommendations
- ⇒Please note that this item is dog toothbrush, not a real chew toy. ⇒The Toothbrush is intended to be used for about 5 mins a day with the supervision of a guardian.
- ⇒ We Recommend that you replace the toothbrush for your dog every 2 months.

- Eco-Friendly&Safe-Made of high-quality and natural rubber, BPA-free and eco-friendly. Harmless Dog Toothbrush Stick. Great dog toothbrush for pet.
- Dog Brushes Teeth by Itself-No longer have to spend time to brush your dog's teeth every day ,your dog will be cleaning his teeth while playing and having fun with this brushing stick . Even if your dog does not like chew toys and he refuses to use it, you can add his favorite treat or food inside the toothbrush to encourage your dog to chew it
- All Round Cleaning-The Dog Toothbrush is covered with bristles on all sides. Rigid bristles help to grind away plaque and loosen tartar in hiding places. Putting toothpaste along the bristle lined grooves helps clean the dog's teeth deeply,it prevents plaque and tartar build-up
- Super Easy to Clean and Wash – The Dog Toothbrush stick can be washed directly with water and soap, or in the dishwasher. It should be cleaned after each chew and it will be ready for your dog next day.
- Kindly Note-Although our toothbrush is the best quality on the market.we suggest to use it 3-5 minutes every time for your dog . it is a dog toothbrush,not a chewing toy. long time using is easy to damage.

### Product description

Dogs are usually referred to as man's best friend, because of their loyalty which has gone through the test of time. You can have your dogs by your side for a lifetime, if you take good care of them. In return, the dog also guarantees you a dose of happiness like never before.

Dogs, however, are prone to tooth infections, especially if you are trying them on a new diet. Bad breath in dogs is also a real turn-off, especially if you are fun of petting your dog when relaxing. We all know how disgusting it is, when a dog with bad breath, jumps and starts licking you or anything around the house. This can even easily lead to contracting other diseases.

It is therefore important that you find a way to help keep your dog's oral hygiene at its best. The use of **Funny Pets dog toothbrush** is known to be very helpful when it comes to this. Perfect for Pet Puppies under 40 lbs.

Apart from the effectiveness that comes with owning one of these toothbrushes for your pet, our company guarantees you a 30-day return period in case the product has any defects after you receive it. We will then mail a new product to you, free of charge.

**100% MONEY BACK GUARANTEE** ensures this will quickly become your favorite no-risk purchase.

#### PACKAGE:

Each package contains one **yellow dog toothbrush stick** that is 3.6 x 4.7 inch, a translucent 2.17 inch **transparent silicone toothbrush**, and a **free e-book**. The complete package weighs just 0.3 lb.

#### E-BOOK:

The packages also contain an E-book that teaches you how to build a better relationship with your dog. You will get better ideas on how to play with your dog, rather than being like all other dog owners who take out their dogs on boring park walks.

Product description

Color: Green

Did you know that dogs can get an oral disease from lack of teeth cleaning?

The Dog Toothbrush Stick solves the world's most widespread problem among dogs – Oral Disease. It's EASY for dogs and EFFORTLESS for parents.

How To Use:

First, let your dog adapt to grinding their teeth on the brush for several uses, before adding toothpaste into the top reservoir. Do not add toothpaste onto the bristles, because they may just lick it off.

Some dogs may need extra help than orders to start brushing, but once they do its affects will start working.

Once your dog begins chewing, be sure to reward them so they understand chewing on it is good.

In no time their gum health and teeth will be in excellent shape!

Notice:

Your dogs may need a lot more encouragement to chew on rubber toys.

To start, play games using the stick, such as "tug," in order to get your dog to want to get it. It is flavored for your dog to enjoy.

If your dog still resists, try stuffing peanut butter, coconut oil, treat or food inside the reservoir to encourage your dog to bit on it. Some dogs may need multiple sessions to adapt.

BUYBST dog toothbrush give your dog a healthy, happy growth!

### Dog Toothbrush Toy with Finger Brush for Cleaning Chew Natural Rubber Dental Oral Care Bad Breath Freshener Clean Mouth Teeth Large Medium Small Dogs Cats Pet Tartar Remover Bite Brushing Stick

by New Lyfe  
☆☆☆☆☆ ▾ 4 ratings

Price: \$14.97 FREE Returns

Thank you for being a Prime member. For \$100 off instantly, pay \$0.00 upon approval for the Amazon Prime Rewards Visa Card. No annual fee.

- **NATURAL RUBBER** - The Dog Toothbrush Toy is made of non-toxic material. We are confident that it is safe for your doggy. Made with high quality natural rubber. Feel free to have your pet use as a toy and chew without harm.
- **GOOD QUALITY** - This new and improved is not the same as similar products on the market. This dog teeth cleaning treat allows almost all small, medium and large dogs to bite for a long time without breaking.
- **EASY TO USE AND CLEAN** - Take toothpaste and squeeze into the hole in the top of the dog's toothbrush, then let your fur baby chew the toothbrush for 3-5 minutes. Afterwards, you can use your finger toothbrush tool to finish the job. Make sure to wash toothbrush directly with soap and water or use dishwasher. Note: Wash after every use.
- **LIFETIME WARRANTY** - Love it or send it back, we will buy it back from you, no questions asked.

- ★Pet Safe and Material: The dog toothbrush stick is made of natural rubber which is eco-friendly. Soft texture designed to be safe for your dog's gums, and it will not hurt your dogs health and helps them to clean their teeth and protect them from oral diseases. More sturdy and will not be chewed off easily.
- ★Novel Design: This toothbrush stick covers with bristles on the top and has a holding base on the bottom. Rigid bristles helps to grind away plaque and loosen tartar in hard to reach places. And toothpaste can be inserted along the bristle lined grooves which helps pets to clean their teeth deeply. Besides, on the bottom of the dog brush stick, there is a paw base which can be hold on the ground steady and allow dogs easy holding so that can encourage the dog chewing.
- ★5 minutes: It is recommended that the use time should not exceed 5 minutes. This product is a dog toothbrush, not a chewing toy. It is made of natural rubber and does not harm the dog's teeth.
- ★Easy to Clean: Rubber material is very easy to clean and also can be cleaned in dishwasher. To keep the brush stick clean, we suggest to clean it before and after dogs chew it.
- ★Safe Buy & Money Back Guarantee: We try our best to bring the best use experience to our customers. If you are unhappy with your purchase. Please contact our team anytime you want. 100% money back guarantee and safe to buy!

- ★ Pet safety and Materials: Dog toothbrush stick is made of natural rubber, non-toxic and environmentally friendly. Soft texture, suitable for your dog's gums, will not harm your dog's health, help them clean their teeth and protect them from oral diseases. More sturdy and will not be chewed off easily.
- ★ Science & Novel Design: This toothbrush has a bristles on the top and a fixed base on the bottom. Rigid bristles help to remove plaque and loosen tartar where it is difficult to reach. Toothpaste can be inserted into the toothpaste along the groove in the bristle lining to help the pet clean the teeth deeply. In addition, at the bottom of the dog brush stick, there is a paw base that can be stably held on the ground and allows the dog to easily hold, which can encourage the dog to chew.
- ★ 360-Degree All-Round Cleaning: This dog's toothbrush stick has bristles on the top. You can squeeze the dog's toothpaste into the hole in the top, and the toothpaste will flow out of the 6 holes, which will help the pet to clean the teeth deeply.
- ★ With Sweet Perfume & Easy Clean: The brush stick infused with a fresh peppermint scent both dogs and people love. So dogs will have more interests in his new toy and enjoy to chew it. The rubber material is very easy to clean and can be cleaned in the dishwasher. In order to keep the brush stick clean, we recommend cleaning before and after the dog chews.
- ★ 100% Money Back Guarantee: If you are not satisfied with the product, you will receive a full refund. Our philosophy is "customer first". Our team is waiting to serve you.

Product description

Raising a dog, do you have the following troubles?

- 1.Dogs are very uncomfortable in the growing tooth stage,dogs will grind their teeth.
2.You are not there, the dog is bored and bites everywhere.
3.Dog has bad breath, you do not get close to it.
4.Ordinary molar stick toys are not bite-resistant, and they are rotten after a few bites.

Why choose us?

- 1.Our dog toothbrush is made of durable quality natural rubber, non-toxic. Soft, does not hurt the dog's gums. Even if the dog eats it, it also can be excreted.
2.The dog is naturally energetic, sometimes it will bite something to vent his emotions.Rubber material is very resistant to biting,You don't worry about the problem.
3.This is a toy, a molar stick, a tooth cleaner--- three-in-one product. The dog brush his teeth while playing.

How to use dog brush stick ?

- 1.Add toothpaste or peanut butter into the groove inside the brush or the hole on the top of the brush.
2. Allow your dog to chew or play with the brush stick no more than 5 minutes. Attract your dogs by filling whatever food they like, they will have more interest to bite down on brushing stick.

Easy to wash

You can soak the dog's toothbrush in warm water to soften the toothpaste and then use the small wire brush attached to remove it out. The dishwasher is also very safe It is best to clean the dog's toothbrush before and after use.

**Product description**

Size: S | Color: Red

**Convenience to clean**

This dog toothbrush can be washed directly with water and soap, or in a dishwasher. To prevent bacterial growth, it should be cleaned after each chew.

**Help dogs to brush teeth easily**

This dog toothbrush toy will not move around. It has paw pad to stand well and can helps the dog to hold it well. You just need to give it to your dog to chew under your supervision, 3-5 minutes each time.

**How often should I brush my dog teeth?**

Talk to your vet to find out exactly how many times a week your breed of dog needs to have their teeth brushed. That being said, the minimum number of times you should brush your dog's teeth is once a week. Try and aim for at least twice a week, this will prevent periodontists and other oral and dental problems

**What is the best way to use the long dual toothbrush and finger piece?**

Whether you are using the smaller or larger brush, always brush your pet's teeth in circular motion. With small circles, you will be able to clean the top, bottom, and sides of your dog's teeth. Place the piece onto your index finger and use it to gently clean the precise areas. Don't brush too hard or you will cause bleeding.

**What toothpaste should I use for my dog?**

Make sure to buy a toothpaste that is especially for dogs. Human toothpaste can be poisonous and harmful to pets. Let your dog lick a little of the dog toothpaste to get used to the flavor. If she doesn't like the flavor, try another flavor out.

- **\*NATURAL & FUN.** High-quality natural rubber without additives and inducers, tested by SGS lab. ECO-friendly, Safe and healthy. The toothbrush stick has a mint flavor and grooves to hold the dogs' favorite food for attracting your puppy to chew the dog toothbrush stick.
- **\*Intimate Design.** Rubber bristles design on both bigger base feet like the main body, it has more Rubber Bristles to increase the touching areas and chances for your dog to clean their teeth up easier, faster. And a free cleaning brush for cleaning the dog toothbrush, Reuse, Greener.
- **\*Big Christmas Box.** This set is more than an Oral care package, including more gifts like a nylon-bristle toothbrush, a soft-headed massage toothbrush (Color random) and a nice quality Pet Nail Clipper. One-time satisfies dog health care needs.
- **\*Multiple uses.** This is Not only a dog toothbrush, as a puppy chewing toy can be used for grinding dogs' teeth, release dogs' boredom and stress, massaging dog's gum. But don't play for too long one-time, 3-5 minutes is better for dogs per time..
- **\*About service.** Worry-free purchase is the basic service. Our products are packaged in gift boxes and Private Plastic Bag. Go to Surprise them. If you have any suggestions on products or free gifts, please send us an email VIA AMAZON.

Product description

**About the BIG GIFT BOX:**  
 Includes the following:  
 Natural dog rubber toothbrush\*1  
 Cleaning brush\*1  
 Nylon-bristle toothbrush\*1  
 Soft-bristle massage toothbrush\*1  
 Pet Nail Clipper\*1

When we tested this rubber toothbrush, it was able to clean most of the food debris, maybe some debris left in the teeth, so a nylon bristle toothbrush is needed to deep clean the teeth, may some dogs had gum problems so a soft-bristle massage toothbrush is required. And when play with puppy sometimes almost got scratched by the dog's long fingernails, so we might as well give you another nail clipper as a gift too. That's why the gift box comes, hope all you like it.

**About the product:**

The "dog toothbrush chew toy" has been tested by Golden Retriever, German Shepherd, Bulldog, the product is durable without damage, just has some bite marks. But we can't say it's 100% unbreakable, so the recommended dog's weight is under 30 pounds. Gift box set weight around 0.7100 (325g), box size

by KNNSRE

Price: \$11.99 **prime** FREE One-Day

Get \$100 off instantly: Pay \$0.00 ~~\$11.99~~ upon approval for the Amazon Prime Rewards Visa Card. No annual fee.

- **MATERIAL:** the dog toothbrush is made of natural rubber, no harm to the dog's gums and health. This soft material will make dog's gums feel comfortable.
- **SCIENTIFIC DESIGN:** the density of brushing points with scientific arrangement is high. The holding base in dog paw shape will make dogs catch the product more firmly. Length of brush head is longer than all products in same size-grade in market. There are 5 rows brushing points will clean dog's teeth in all direction.
- **EASY TO CLEAN:** It is easy to clean rubber material with the included Small wire brush stick. It is better to clean the dog toothbrush before and after use.
- **MULTI-FUNCTION:** Just insert toothpaste or your puppy's favorite treat into the non-squeaky dental pet toy and let it do all the brushing.
- **100% SATISFACTION GUARANTEE** - Our worry-free 12 month warranty and friendly customer service will ensure your satisfaction is our top most priority.

We also upgrade the materials to more durable than other similar product, which is strong enough to withstand dog biting and chewing, has better quality and longer service life.
- ★ **【Keep Dog's Oral Healthy and Fresh】** The dog toothbrush stick is designed as a tool to clean and fresh the dog's teeth by itself. Soft enough to prevent damage to the dog's gums, it can help them to clean dog teeth and protect them from oral diseases. Make your dog oral healthy and fresh, you can enjoy the intimate time with your puppy dog.
- ★ **【Add Faint Milk Sweet Smell】** The dog toothbrush toy adds the faint milk scent that dogs love. So your dog will have more interests in his new toothbrush and enjoy to chew it. Make your dog enjoy brushing instead of being forced. Free yourself & help itself!
- ★ **【Reasonable and Convenient Design:】** This dog teeth cleaning toy covers with durable and aligned bristles inside the brush to help clean dental plaque which hides in the dead corner, remove it and prevent decay. Rubber granular cleaner outside the brush can be used to massage your baby dog. Besides, on the bottom of the dog brush stick, there is a paw base which can be held on the ground steady and allow dogs easy holding so that can encourage the dog chewing.

- The dog toothbrush stick is made of natural rubber which is non-toxic and eco-friendly. Soft texture designed to be safe for your dog's gums, and it will not hurt your dogs' health and helps them to clean their teeth and protect them from oral diseases.
- Pets in the tooth changing stage will feel itchy teeth and need some items to relieve the discomfort of the mouth. Our Dog Toothbrush Stick can be used temporarily as tooth sticks or chew toys. It can effectively prevent dogs from ruining furniture at home.
- Perfect natural rubber dog toothbrush for cleaning hard-to-reach areas. Dog tooth cleaning toys, bristles on the top and has a holding base on the bottom. Rigid bristle helps to grind away plaque and loosen tartar in hard to reach places.

- **Special Design:** The durable and aligned bristles inside the brush help clean dental plaque which hides in the dead corner, remove it and prevent decay. Rubber granular cleaner outside the brush can be used to massage your baby dog as well.
- **360 Degree Cleaning:** This doggy brushing stick covers with bristles on the four sides. You can squeeze the dog toothpaste into the top hole, then the toothpaste will flow out of the small holes which will helps pets to clean their teeth deeply
- **Fresh Mint Smell:** The puppy brushing stick infused with a fresh peppermint scent both dogs and people love. So dogs will have more interests in his new toy and enjoy chewing it. And the stick will clean their teeth.

Material: The dog toothbrush is more durable than other similar toys. Friendly, FDA approved, Obtain patent number is 29676453. The brush stick is 2019 new design. From top to middle, there are several small holes, to clean dog's teeth enough and massage at bottom, so dog can enjoy chewing.

The dog chew toothbrush meets the dog's oral characteristics and chewing habits, bristles can grind off plaque and loose tartar, the granular will massage dog's gum.

- Cream flavor: This dog toothbrush chew toy infused with a cream flavor, fit most dog taste. We recommend that you supervise your dog chewing daily about 3-5 minutes. In case he/she not like to chew, you can fill a few of his favorite food or treats in the dog toothbrush to train him/her.
- Easy to clean: This dog toothbrush stick can be washed directly in water and soap, or in a dishwasher. To prevent tooth stain growing, we suggest, clean it after each chew.

### niudiao 3 Pack Dog Toothbrush Toy Brushing Stick Dog Teeth Cleaning Toys Use Nontoxic Food Grade Synthetic Material Bite Resistant for Your Lovely Dogs

by niudiao

Price: \$12.98 **prime** FREE One-Day

Get \$100 off instantly. Pay \$0.00 ~~\$12.98~~ upon approval for the Amazon Prime Rewards Visa Card. No annual fee.

- **FOOD-GRADE MATERIAL:** the dog toothbrush is made of natural rubber, no harm to the dog's gums and health. Non-toxic,BPA-free. This soft material will make dog's gums feel comfortable.
- **DURABLE:** Our products completely solve the problem of the other similar products being not resistant to bite. We spent 30 days doing many tests on more than 10 kinds of common dogs, and adjusted the raw materials according to the test results. Pet dogs can use it for a long time! we suggest use it 5-10 minutes every time for your dog, long time to use it may be broken
- **SCIENTIFIC DESIGN:** the density of brushing points with scientific arrangement is high. The holding base in dog paw shape will make dogs catch the product more firmly. Length of brush head is longer than all products in same size-grade in market. There are 5 rows brushing points will clean dog's teeth in all direction.
- **BE SUITABLE FOR MEDIUM LARGE DOGS:** the size of our product is medium, but the length of brush head is longer than other products in same size-grade. This product be used for medium, large dogs.
- **EASY TO CLEAN:** you just need a small cleaning brush, soap and water for cleaning the dog toothbrush after use. It will dry quickly. Remember to clean it completely every time using it.

360 degree all round brush. 1 stick covers with bristles on all sides. You can squeeze the dog toothpaste on the top, then the toothpaste will come out of the holes which will help pets to clean their teeth.

Material: This rubber toy is made of super thick and soft material with bristles on the top and bottom.

It has a holding base on the bottom. The dog teeth cleaning toy stick is designed to help keep dogs teeth clean between brushings.

- ✓ Easy to Clean: Rubber material is very easy to clean and also can be cleaned in dishwasher. To keep the brush stick clean, we suggest to clean the dog toothbrush stick before and after dogs chew it.
- ✓ Used with sweet perfume: The dog toothbrush infused with a fresh peppermint scent both dogs and people love. So dogs will have more interests in its new toy and enjoy to chew it.
- ✓ Funny moment: This dog toothbrush is just like a chew toy. Pet can chew it for fun and at the same time, the stick will clean their teeth.

### Product description

Size: S | Color: Red

#### Convenience to clean

This dog toothbrush can be washed directly with water and soap, or in a dishwasher. To prevent bacterial growth, it should be cleaned after each chew.

#### Help dogs to brush teeth easily

This dog toothbrush toy will not move around. It has paw pad to stand well and can helps the dog to hold it well.You just need to give it to your dog to chew **under your supervision**,3-5 minutes each time.

#### How often should I brush my dog teeth?

Talk to your vet to find out exactly how many times a week your breed of dog needs to have their teeth brushed. That being said, the minimum number of times you should brush your dog's teeth is once a week. Try and aim for at least twice a week, this will prevent periodontists and other oral and dental problems

#### What is the best way to use the long dual toothbrush and finger piece?

Whether you are using the smaller or larger brush, always brush your pet's teeth in circular motion. With small circles, you will be able to clean the top, bottom, and sides of your dog's teeth. Place the piece onto your index finger and use it to gently clean the precise areas. Don't brush too hard or you will cause bleeding.

#### What toothpaste should I use for my dog?

Make sure to buy a toothpaste that is especially for dogs. Human toothpaste can be poisonous and harmful to pets. Let your dog lick a little of the dog toothpaste to get used to the flavor. If she doesn't like the flavor, try another flavor out.

Package include:

- 1x Dog Toothbrush Stick
- 2x Dental Care Brush Finger
- 1x Dual-sided Brush

**Show some care and love for your dog. Don't wait! BONUS offer limited time only!**

### Product description

#### Is it really important to brush a dog's teeth?

Some find it unnecessary to clean a dog's teeth, arguing that they don't get bad breath. That is a myth. Plaque and tartar can build up on your pet's teeth, which could cause stinking breath, periodontal disease, and infection to their internal organs.

Brushing your dog's teeth with the type of toothbrush we humans use can be risky. You have to hold their mouth open to brush effectively. If you are not so keen to put your hand near their mouth and find it a tedious exercise, a dental brushing stick will do the trick.

Keep your dog's teeth clean with the First Rate Paws Puppy Dental Care Brushing Stick, and ensure their overall health.

Never have to worry about your dog's dental health again! This toothbrush stick lets your dogs brush their teeth on their own. It is ergonomically designed to allow dogs to hold it down with their paws while they bite and chew on it.

This non-toxic dog toothbrush stick is designed to be safe for your pet.

This toothbrush stick is made of natural rubber and has a holding base on the back to help grip and grind away plaque and tartar. And toothpaste can

be inserted into the toothpaste along the bristle lined grooves which helps pets to clean their teeth deeply.

- **Easy to Clean:** Rubber material is very easy to clean and also can be cleaned in dishwasher. To keep the brush stick clean, we suggest to clean it with cleaning brush before and after dogs chew it.
- **With Sweet Perfume:** The dog toothbrush stick infused with a fresh peppermint scent both dogs and people love. Pet can chew it for fun and at the same time, the stick will clean their teeth. Your pet will not refuse toothbrush anymore!
- **100% Money Back Guarantee:** If you are not 100% satisfied with our items. Please feel free to contact us, we can resend you or refund you.

### Product Description

Hello! We are Vndaxau. We are a group of young people who love life and work. We focus on pet supplies for many years. Our products are of good quality and cheap. Give your pet a comfortable experience. It also brings you happiness. Believe us, welcome to Vndaxau.

**【Toothbrush stick】** You can squeeze the dog toothpaste into the top hole, then the toothpaste will flow out of the small holes with your dog bite which helps to clean their teeth deeply.

**【Long lasting】** This dog chew toy is good. With upgraded version of paw type base, it is more sturdy, bite resistance and will not be chewed off easily. Easy to clean.

**【Dental Care brushing】** This teeth brushing stick for dog has 360° five-layer bristles to help remove plaque and loosen tartar in hard-to-reach areas. Perfectly match the dog's teeth, massage the gums, avoid oral diseases.

**【Self-Clean by pets】** Only 5 minutes each time is enough for perfect teeth cleaning by pets itself. Toothbrush covers with mint smell toothpaste, it helps to attract the attention of dog and dog will love to chew and that is chew resistant.

**【Fit for Medium and Large Dogs】** Dog chewing fits for Labrador, Golden Retriever, Beagle, Poodle, Cocker Span, Boston Terrier, Samoyed, Corgi, Border Collie, Schnauzer, Saint Bernard, Husky etc. Almost medium and large dogs work.

brush sticks are made of safe. It is soft enough to use on dogs, it helps them clean their teeth from oral diseases. The toothbrush stick is strong and durable for chewing. It has better quality,

longer life and better materials than other similar products.

- Free yourself --- the toothbrush stick can also be used as a dog chew toy. Add the flavour of the meat, the dog will bite it by himself and like to chew it. Let your dog like to brush his teeth instead of being forced. Release yourself and help yourself.
- Easy to use --- Squeeze the toothpaste from the hole in the top of the dog's toothbrush into the sink. Chew your puppy under your supervision for 3 to 5 minutes each time. Available in two sizes for most dog breeds and other pets.
- Why do dogs need it -- If food sticks to the teeth for a long time, it can cause dog tooth problems such as plaque, swelling of the gums and bleeding. Therefore, you need our products to help your dog stay away from these diseases.

not only be used to crew and clean teeth for your baby dog but also can be used to massage with rubber granular cleaner outside the brush. There will be aligned bristles inside the brush, which help grind away plaque. Inserting toothpaste along the bristle lined grooves helps clean the dog's teeth deeply. There is a paw base that will make your baby dog hold well and absolutely loves chewing on this toothbrush.

- **【Fresh Breath】** The dog's toothbrush is made of natural rubber. The interior of bristly brush stick infused with a fresh lite mint scent, which attract your dog to chew his new toy. He/she will love this thing. Plays with it all day long. It's not only fun for him, but also get his teeth cleaned. It's a win win for him and for us as we hate cleaning his teeth.
- **【Easy to Clean】** We suggest to clean it before and after dogs chew it. You can clean rubber material with the inside small cleaning brushing stick or clean it in dishwasher.
- **【100% money back guarantee】** If you have any question or if you don't satisfied with the use experience, please contact us without hesitation, we try our best to serve for you.

**FILED**

DEC 17 2019

IN THE UNITED STATES DISTRICT COURT  
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

CLERK U.S. DISTRICT COURT  
WEST. DIST. OF PENNSYLVANIA

DOGGIE DENTAL INC., *et al.*,

Plaintiffs,

Civil Action No. 19-1627

v.

AHUI, *et al.*,

Defendants.

**FILED UNDER SEAL**

**DECLARATION OF MARY LAPLANTE  
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF  
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Mary Laplante, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through Amazon.com the Merchant Storefronts<sup>1</sup> operating under the seller identities as identified on **Schedule “A”** hereto (the “Seller IDs”). Upon accessing each of the Merchant Storefronts, we were able to view Defendants’ Infringing Products<sup>2</sup>, add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants’ listings for Infringing Products, it was confirmed that each Defendant is featuring, displaying, and/or using the Plaintiffs’ Products, Plaintiffs’ Works, and/or Plaintiffs’ Mark without authorization and that the products that each Defendant is offering for sale, using virtually identical copies of Plaintiffs’ Products, Plaintiffs’ Works and/or Plaintiffs’ Mark are, in fact, not genuine products. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area (“the Pennsylvania Address”) in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs’ Products. These were sent to

<sup>1</sup> As defined in the Application, a “Merchant Storefront” is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

<sup>2</sup> As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiffs’ Product which closely mimic the appearance of Plaintiffs’ Product and infringe upon Plaintiffs’ Mark and at least on the claims in its registered U.S. Patent, use Plaintiffs’ Works, and otherwise unfairly compete with Plaintiffs’ Product (the “Infringing Product”).

Petros Dertsakyan, Chief Executive Officer of Doggie Dental Inc. True and correct copies of the detailed web listings we captured and downloaded showing the various Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 17<sup>th</sup> day of December, 2019, at Sewickley, Pennsylvania.
