Plaintiff,

v.

BELVIA, *et al.*,

Defendants.

CLERK U.S. DISTRICT COURT
WEST. DIST. OF PENNSYLVANIA

Civil Action No.

FILED UNDER SEAL

**DECLARATION OF TAYLOR RAY
IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF
TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION**

I, Taylor Ray, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiff's *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. Prior to filing this Declaration, I accessed through Amazon.com, the Merchant Storefronts operating under the seller identities as identified on **Schedule "A"** to the Complaint (the "Seller IDs"). Upon accessing each of the Merchant Storefronts¹, I was able to view products using Airigan Solutions LLC's trademarks or infringing on their patent claims, add products to the online shopping cart, proceed to a point of checkout, and otherwise actively

¹ As defined in the Application, a "Merchant Storefront" is any and all User Accounts through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Counterfeit Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

exchange data with each Merchant Storefront. I then placed an order via each Merchant Storefront operating under the Seller IDs for the purchase of various products – all using counterfeits and infringements of at least one of Airigan Solution’s trademarks at issue in this action, and requested each product to be shipped to my firm’s address in Sewickley, Pennsylvania.² Each of my orders was processed entirely online and following the submission of my orders, I finalized payment for each of the various products. At the conclusion of the process, I captured and downloaded the detailed web page screen shots reflecting each product I ordered, together with photographs of the received items. These were sent to Margaret Tyler, President and CEO of Airigan Solutions LLC. True and correct copies of the web pages I captured and downloaded showing the various products I purchased via Defendant’s Seller IDs, together with redacted copies of the order summary web pages, order and shipping confirmation, and photographs of each shipping envelope and product received, are attached hereto as **Composite Exhibit 1.**

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed the 2^{6th} day of February, 2020, at Sewickley, Pennsylvania.

/s/Taylor Ray
Taylor Ray

² Where Schedule A indicates multiple ASINs, I also visually confirmed that, for each of the ASINs, the identified Defendant was advertising and offering to sell counterfeits and infringements into this judicial district, though I only ordered one of those ASINs as a test buy from that Defendant.

Boiled Eggs Peeler and Cracker Boiled Egg Shell Peeler Stripper, Shake and Peel Peeling Kitchen Tool, egg opener tool

Price: \$12.99 **PRIME & FREE Returns**

Get \$70 off instantly. Pay \$0.00 upon approval for the Amazon Prime Rewards Visa Card. No annual fee.

Add 1/4 cup (Negg capful) of water to the Negg. Add your hard-boiled egg and snap on the top cap. Now you're ready to slip the egg out of its shell. SHAKE the Negg up and down with enough force so that the egg strikes the caps. Remember to take it a little easy, or you will end up with a slushy mess complete with shells. Shake until you feel the shell begin to "soften" - approximately 4 to 12 times. Timing will vary. The body is clear so you can watch the progress. When you see the white of the egg appear, you're done. Mission Accomplished. The egg will then slip out of its shell.

If the egg is a reluctant sheller you may have to break the membrane after shaking to get the shell to release. This can happen with extremely fresh eggs, and is not the norm.
