

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

TALISMAN DESIGNS, LLC,

Plaintiff,

v.

DASANI, *et al.*,

Defendants.

Civil Action No.

20-cv-1084

(Judge Schwab)

FILED UNDER SEAL

**DECLARATION OF KATHERINE WAYMIRE IN SUPPORT OF
PLAINTIFF'S MOTION FOR A PRELIMINARY INJUNCTION**

I, KATHERINE WAYMIRE, do hereby declare:

1. I am over eighteen (18) years of age. I have never been convicted of a felony or any criminal offense involving moral turpitude, and I am fully competent to testify to the matters stated herein. I have personal knowledge of every statement made in this Declaration and such statements are true and correct.

2. I am the President and owner of Plaintiff, TALISMAN DESIGNS, LLC ("Talisman Designs"), a limited liability company organized and existing under the laws of the State of Minnesota.

3. I make this declaration in support of Plaintiff's Motion for a Preliminary Injunction. I hereby incorporate by reference the statements made in my Declaration dated July 20, 2020, previously filed in this matter.

Talisman Designs' ASINs for Genuine Product on Amazon.com

4. Products on Amazon are assigned specific codes. These codes are referred to as Amazon Standard Identification Numbers (ASINs). As of today, Talisman controls four ASINs: B07DW6MZWL (red BACON BIN[®]), B07F1F6RQH (pink BACON BIN[®]), (B07HJX4646 – red twin pack BACON BIN[®]), and B07HJSB44L (red BACON BIN[®] with a hot pad). Attached as Exhibits 1-4 are excerpts of printouts of the Amazon pages for these ASINs, including the listing of sellers.

5. Not all of the sellers under the ASINs controlled by Talisman are in fact authorized sellers. Amazon has permitted unauthorized sellers to list under Talisman Designs controlled ASINs and has not removed unauthorized sellers. Examples of current unauthorized sellers on Talisman Designs controlled ASINs include "Tip Top Traders" (Seller ID A1TOQ0877HJ73M) on ASIN B07DW6MZWL (red BACON BIN[®]) and "Kate's Fancy Kitchen" (Seller ID A3ONU1KZGCWZBA) on ASIN B07F1F6RQH (pink BACON BIN[®]).

Infringing Product Using other ASINs

6. Any product listed under an ASIN other than one of the four ASINs controlled by Talisman Designs is not authorized product.

7. At the time the Complaint was filed, all sellers under these ASINs were named as defendants in the present lawsuit. It is to be expected, however, that sellers on Amazon will continue to list product under ASINs other than one of the three ASINs controlled by Talisman Designs as Amazon does not "approve" product listings, but rather permits product listings to be created and then relies upon the brand owner, such as Talisman Designs, to take action against the listing.

★★★★☆ **Cute Bacon Grease Storage**

Reviewed in the United States on October 1, 2018

Color: Red | **Verified Purchase**

I love this little pig but would like it to be a little bigger, maybe 2 cups, and would also like it to be a little less flexible when hot grease is in it. I put it onto paper towels and use them to move the container around until it cools. I can't grab it and pick it up.

★★★★☆ **Slightly too small**

Reviewed in the United States on January 9, 2019

Color: Red | [Verified Purchase](#)

I love this a lot but it would be sooo much better if it was slightly larger and thicker. It will not quite hold the fat from one pound of bacon and is simply too hot to pickup with hands after poring the hot fat in it (prior to cooling).

The basic model should be able to hold the fat from 1.25 pounds of bacon and insulate the heat so you can move the container immediately after poring hot fat/grease into it.

Otherwise, I would definitely buy again. The lid and strainer are excellent. After the fat/grease is chilled, it needs to be reused or thrown in the trash rather soon I do not recommend long term storage in this container, as even a few weeks of storage resulted in a somewhat noticeable odor after emptying and washing.

★★★★★ **Best way to deal with bacon grease!**

Reviewed in the United States on August 28, 2018

Color: Red | [Verified Purchase](#)

The Bacon Bin by Talisman Designs is the best way to deal with bacon (or any!) grease! It's the perfect size - not too large or small, and it's easily reusable! The strainer is perfect for capturing those yummy bacon bits which normally would go down the drain, or in the trash with the grease. I learned some new "tips" from the package for the best/easiest way to deal with leftover grease. I used to have to hunt for a leftover metal can (when I could find one), then pour in the hot grease, leave the can to cool, and then throw it out (couldn't be recycled). Now I always have a "bin" for my grease! My bacon life just got way better thanks to this nifty, reusable bacon bin! Great product!

★★★★★ **It works and it's gonna be my go to holiday stocking stuffer/hostess gift!**

Reviewed in the United States on October 24, 2018

Color: Red | [Verified Purchase](#)

It works. And it's cute, with a funny name!

I don't use bacon grease to cook, but maybe I will start.

It's a good size (not too big) and has a wide enough mouth to capture the grease coming out of my pan. My bacon didn't have lots of bits, but the screen caught the bits that were there.

It is hot to the touch after the freshly cooked grease goes in, so if kids are helping, use caution.

This little oinker is a rock solid choice for a stocking stuffer or hostess gift for the person who loves to cook and already has the basics.

My video isn't loading but I will try again later!

I love this little pig nearly as much as I love bacon. The strainer is great to catch larger chunks, and is dish washer safe. It's small enough to store in the fridge, and it's cute to boot. It was worth the wait - sold out when I first saw it, then took a bit to come back in stock.

Saw this on the Today show and decided to give it a try for the bacon grease. It works out great, small enough that it doesn't take a lot of space in the freezer. Now to save them all up and maybe do seeds/suet for the birds for the winter.

★★★★★ Great product!

Reviewed in the United States on July 9, 2020

This is a must for anyone who cooks bacon, burgers, or anything else greasy! It's super easy to pour it straight from the pan into the container. Once it's full, pop it in the freezer, and then easily slide the frozen grease into the garbage and start all over again! So glad we bought this. The only thing I would change is for the lid to be attached to the container, otherwise it's too much work to put it back on each time LOL.

★★★★☆ **Cute Bacon Grease Storage**

Reviewed in the United States on October 1, 2018

I love this little pig but would like it to be a little bigger, maybe 2 cups, and would also like it to be a little less flexible when hot grease is in it. I put it onto paper towels and use them to move the container around until it cools. I can't grab it and pick it up.

★★★★☆ **Slightly too small**

Reviewed in the United States on January 9, 2019

Color: Red | [Verified Purchase](#)

I love this a lot but it would be sooo much better if it was slightly larger and thicker. It will not quite hold the fat from one pound of bacon and is simply too hot to pickup with hands after poring the hot fat in it (prior to cooling).

The basic model should be able to hold the fat from 1.25 pounds of bacon and insulate the heat so you can move the container immediately after poring hot fat/grease into it.

Otherwise, I would definitely buy again. The lid and strainer are excellent. After the fat/grease is chilled, it needs to be reused or thrown in the trash rather soon I do not recommend long term storage in this container, as even a few weeks of storage resulted in a somewhat noticeable odor after emptying and washing.

★★★★★ **Best way to deal with bacon grease!**

Reviewed in the United States on August 28, 2018

Color: Red | [Verified Purchase](#)

The Bacon Bin by Talisman Designs is the best way to deal with bacon (or any!) grease! It's the perfect size - not too large or small, and it's easily reusable! The strainer is perfect for capturing those yummy bacon bits which normally would go down the drain, or in the trash with the grease. I learned some new "tips" from the package for the best/easiest way to deal with leftover grease. I used to have to hunt for a leftover metal can (when I could find one), then pour in the hot grease, leave the can to cool, and then throw it out (couldn't be recycled). Now I always have a "bin" for my grease! My bacon life just got way better thanks to this nifty, reusable bacon bin! Great product!

★★★★★ **It works and it's gonna be my go to holiday stocking stuffer/hostess gift!**

Reviewed in the United States on October 24, 2018

Color: Red | [Verified Purchase](#)

It works. And it's cute, with a funny name!

I don't use bacon grease to cook, but maybe I will start.

It's a good size (not too big) and has a wide enough mouth to capture the grease coming out of my pan. My bacon didn't have lots of bits, but the screen caught the bits that were there.

It is hot to the touch after the freshly cooked grease goes in, so if kids are helping, use caution.

This little oinker is a rock solid choice for a stocking stuffer or hostess gift for the person who loves to cook and already has the basics.

My video isn't loading but I will try again later!
