IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF PENNSYLVANIA

AQUAPAW LLC, Plaintiff, v. ALLNICE, *et al*., Defendants.	Civil Action No. **FILED UNDER SEAL**

DECLARATION OF TAYLOR FENNELL IN SUPPORT OF PLAINTIFF'S *EX PARTE* APPLICATION FOR ENTRY OF TEMPORARY RESTRAINING ORDER AND PRELIMINARY INJUNCTION

I, Taylor Fennell, declare and state as follows:

1. I am over 18 years of age, and I have personal knowledge of the facts set forth herein. I make this declaration in support of Plaintiffs' *Ex Parte* Application for Entry of Temporary Restraining Order and Preliminary Injunction ("Application"). If called upon to do so, I could and would competently testify to the following facts set forth below.

2. In making this declaration, I represent the collective effort of a team of researchers for Ference & Associates, including myself, who conducted an investigation to determine if the identified Defendants were and/or are currently offering for sale and/or selling Infringing Products and whether each of the identified Defendants will ship and/or has actually shipped Infringing Products to the United States, including customers specifically located in Pennsylvania.

3. Prior to filing this Declaration, we accessed through the Merchant Storefronts[1] operating under the seller identities as identified on **Schedule "A"** hereto (the "Seller IDs"). Upon accessing each of the Merchant Storefronts, we were able to view Defendants' Infringing Products[2], add products to the online shopping cart, proceed to a point of checkout, and otherwise actively exchange data with each Merchant Storefront. Through visual inspection of Defendants' listings for Infringing Products, it was confirmed that each Defendant is offering for sale, knock-off products that infringe at least one claim of the Plaintiff's Patent. The checkout pages or order forms for the Infringing Products confirm that each Defendant was and/or is still currently offering for sale and/or selling Infringing Products through their respective Merchant Storefronts and User Accounts and that each Defendant provides shipping and/or has actually shipped Infringing products to the United States, including to customers located in Pennsylvania. At checkout, a shipping address located in the Pittsburgh area ("the Pennsylvania Address") in the Western District of Pennsylvania verified that each Defendant provides shipping to the Pennsylvania Address. We inspected the detailed web listings describing the Infringing Products Defendants are offering for sale through the Internet based e-commerce stores operating under each of their respective Seller IDs, and determined the products were not genuine versions of Plaintiffs' Products. These were sent to Daniel Lenz, President of Aquapaw LLC. True and correct copies of the detailed web listings we captured and downloaded showing the various

---

[1] As defined in the Application, a "Merchant Storefront" is any and all User Accounts, including but not limited to, those hosted by Amazon, eBay.com, Aliexpress.com, and wish.com, through which Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them operate storefronts to manufacture, import, export, advertise, market, promote, distribute, display, offer for sale, sell and/or otherwise deal in products, including Infringing Products, which are held by or associated with Defendants, their respective officers, employees, agents, servants and all persons in active concert or participation with any of them.

[2] As set forth in the Complaint, Defendants have offered for sale, sold, and distributed infringing and knock-off versions of the Plaintiffs' Product which infringe upon at least one of the claims in its registered U.S. Patent, (the "Infringing Product").

Infringing Products listed via Defendant's Seller IDs, together with redacted copies of the order summary web pages and confirmation that Defendants were willing and able to ship to the Pennsylvania Address are attached hereto as **Composite Exhibit 1**.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct.

Executed the 16th day of December, 2020, at Pittsburgh, Pennsylvania.

- IT WORKS LIKE MAGIC – Does your dog run away every time it's bath time? Does your dog get anxious when you try to clip his toenails? Do thunderstorms cause your puppy to tremble and panic? If that sounds familiar, then our lick pad is the perfect solution for your daily routine. Just spread your dog's favorite treat on the lick mat to distract him when it's grooming time.This licking mat is also a great way to entertain your dog and can even be used to slow down mealtime.
- STRONG SUCTION CUPS - This mat is designed with firm suction cups on its back to hold strong no matter where you place it. The dog lick mat sticks to any flat surface, such as grooming stations, tile, porcelain, granite, glass surfaces like shower glass or windows. The mat even sticks nicely to the side of the bathtub or the tiled wall as well.
- EXTEND YOUR DOG'S SNACK TIME - The front side of the round lick pad has been created with built-in grooves to stick food and to keep your dog busy snacking. Extend your pet's snack time while offering a comfortable environment while you groom him. Your puppy will develop a healthy association towards grooming after using this lick pad.
- 100% FOOD GRADE SILICONE - Our dog lick pad is 100% food-grade silicone that allows you to put any spreadable dog-safe food, such as peanut butter, cream cheese or wet food. Then just stick it to the wall of your shower or bathtub and groom your dog with ease. Our product is BPA-free, dishwasher-safe and easy to clean using the silicone sponge dish brush included in our set.

Thank you for being a Prime member. Get $100 off instantly: Pay $0.00 upon approval for the Amazon Prime Rewards Visa Card. No annual fee.

- ❤【SAFE AND QUALIFIED MATERIALS】❤ The dog mat is made of high-quality silicone, which is food-safe and will not affect the health of your cute pet. With a diameter of 5.9 inches, it is an ideal size for cats and small and medium-sized dogs.
- ❤【TAKE A RELAXING BATH】❤ This dog mat helps reduce pet anxiety during bathing or grooming time. Just put some pet snack on the mat and stick it on any smooth surface. This will distract your pets and make them feel at ease in the bath.
- ❤【INNOVATIVE DESIGN】❤ There are 37 powerful suction cups on the back of this dog mat to help secure it on a smooth and clean surface. The raised edges of the texture pattern prevent food from spreading and keep the bathroom, shower or counter clean. The unique bone-shape and footprint--shape texture can better attract the attention of dogs and promotes dental health for clean teeth , fresh breath , and healthy gums.
- ❤【MULTIFUNCTION】❤ Our unique plate design effectively reduces the speed of pets' eating and prolongs meal time, thereby reducing bloating and improving digestibility. Dogs and cats like to eat the surface of this mat. It can be used as an interesting alternative to a dog bowl anytime, anywhere, not just during bathing/combing time.
- ❤【 100% RISK-FREE GUARANTEE 】❤ 12 MONTH MONEY BACK GUARANTEE: Any problems, please contact us to get a 100% satisfied solution -- all MUIIGOOD Product come with a 12 month 100% refund or replacement guarantee. ORDER NOW with ZERO RISK!

"As described, feels sort of weak at the bend part, but that's expected. Would recommend."

By Austin Ford on October 12, 2020.

"Poorer quality than other "scoops" I've used for the dogs. I was excited at the under $8 price - but ultimately, I guess sometimes you DO get what you pay for."

Best Bath Time Tool
Color: Blue Verified Purchase
More important than the lead, more important than the shampoo or even the water is this lick pad! Our doggo doesn't mind water but he isn't a fan of the tub or the running water sound/pressure. With this lick pad we can easily place him into a filled tub and not have to worry about him pulling away or trying to jump out since the pad keeps his attention. It suctions well and we've had no issues with it falling yet it is also easy to move if you need to re position your pup. Our dog is not a huge fan of peanut butter so we use cream cheese and applesauce (freeze the applesauce so it doesn't just slide off) if your pup is a bath nightmare and loves food this is for you.
Great for dog nail trims!
Color: Blue Verified Purchase
I use this for my pup when I dremel his nails. He's 80 pounds so having him distracted is just what I needed. I put the lickpad on our glass shower door while he's on the grooming table. I dremel, he licks. He still doesn't like getting his nails trimmed, but he's waaaaay more tolerant now. Easy Peasy! Suction works great on the glass. It doesn't take much peanut better at all. Smear it in good with your finger and it last longer than it takes me to do his nails.
This keeps my dog busy.
Color: Blue Verified Purchase
Worked great. I put a little water on the auction cups and stuck it on the refrigerator. I could have towed that refrigerator right out of the house. Oh, and my yorkie loves it. He stood there for hours and barked when it was gone, the peanut butter. I would recommend this product.

SUPER STRONG SUCTION!
37 powerful suction cups on the back stick any smooth surface,
such as shower tiles, glass,granite,refrigerator door.

- ❤【SAFE AND QUALIFIED MATERIALS】❤ The dog mat is made of high-quality silicone, which is food-safe and will not affect the health of your cute pet. With a diameter of 5.9 inches, it is an ideal size for cats and small and medium-sized dogs.
- ❤【TAKE A RELAXING BATH】❤ This dog mat helps reduce pet anxiety during bathing or grooming time. Just put some pet snack on the mat and stick it on any smooth surface. This will distract your pets and make them feel at ease in the bath.
- ❤【INNOVATIVE DESIGN】❤ There are 37 powerful suction cups on the back of this dog mat to help secure it on a smooth and clean surface. The raised edges of the texture pattern prevent food from spreading and keep the bathroom, shower or counter clean. The unique bone-shape and footprint--shape texture can better attract the attention of dogs and promotes dental health for clean teeth , fresh breath , and healthy gums.
- ❤【MULTIFUNCTION】❤ Our unique plate design effectively reduces the speed of pets' eating and prolongs meal time, thereby reducing bloating and improving digestibility. Dogs and cats like to eat the surface of this mat. It can be used as an interesting alternative to a dog bowl anytime, anywhere, not just during bathing/combing time.
- ❤【 100% RISK-FREE GUARANTEE 】❤ 12 MONTH MONEY BACK GUARANTEE: Any problems, please contact us to get a 100% satisfied solution -- all MUIIGOOD Product come with a 12 month 100% refund or replacement guarantee. ORDER NOW with ZERO RISK!
